DESCRIPTION

Bowl planter made from 100 % recycled & recyclable HDPE, manufactured in France. The raw material is pre-coloured at source, offering anti-UV stabilization. It is lightweight and shock resistant. Its low thermal conductivity supports optimal plant growth and water needs.

Finishes:

- Standard / velvet: 21 colours / white available (additional fees).
- Special finish: Corten effect.

Also available as a Water-feature version, fully watertight and suited to aquatic plants. (non-standard version, to be specified when ordering)
